COURSE DESCRIPTION

10 quick tips for residential settings is a brief online learning module designed to assist those working in residential settings gain an understanding about common challenges that are faced in these settings, and to provide simple strategies to assist in addressing these challenges. This course is suitable for those working with adults or children. No prerequisites are required.

LEARNING OBJECTIVES

At the end of this module participants will:

- Review common challenges in residential settings and why they may occur
- Have a greater understanding about how reinforcement, motivation, transitions, and the environment can play a role in changing behaviour
- Acquire strategies for addressing challenges in residential settings

Participants will meet the objectives listed above through a combination of: video presentation, interactive activities, quizzes, and a self-evaluated case study

TARGET AUDIENCE

People working in residential settings, providing services to adults or children with autism, developmental disabilities, and/or dual diagnosis.

Part 2: Course Policies

COMPLETION POLICY
