Pathways of Extended Learning
Full Time Vocational and Pre-Vocational Programs

These fee for service programs will provide individuals 16-29 years of age with the knowledge and tools necessary to navigate the transition into the workplace. The programs complement one another and when taken in succession, were designed to provide participants with a well-rounded set of skills that focused both on general life-skills, as well as specific vocational skills. New vocational pathways will be added each session.

Life Skills Pathway
This intensive half-day program will provide individuals with Autism Spectrum Disorder an opportunity to learn, reinforce, and practice life skills related to the home environment. With a chance to practice on-site in our model apartment, participants will learn about topics such as cooking, housekeeping, laundry, groceries, money management, and safety principles. This pre-vocational program will include both classroom lessons, as well as experiential components.

details:
12 Sessions
Half-Day
Starting March 2015
$1500

Professional Development Pathway
This intensive half-day program will provide individuals with Autism Spectrum Disorder an opportunity to master concepts of social thinking, professional conduct, resume development, and interview preparation. This pre-vocational program will include group work, classroom lessons, as well as experiential components which will provide individuals with opportunities to practice both on-site within the Geneva Centre and off-site with community partners.

12 Sessions
Half-Day
Starting March 2015
$1500

Culinary Arts Pathway
This intensive full-time vocational training program will provide individuals with Autism Spectrum Disorder with a blended training experience in a working Café (Stepping Stones Café), combined with classroom instruction. Upon graduation, students will receive support in acquiring and maintaining employment. There will also be an opportunity for students to attend Culinary Arts classes at George Brown College as part of the cost of this program.
