

**School is
CLOSED**

My school is closed and I have
to stay home.

I might feel sad or angry because I can not see my friends or go to school

I can talk to my family about my feelings. They will like to hear about how I am feeling

My school is closed to keep my friends, my teacher and our families safe

I may feel bored and not know what to do.

I can find things to do at home. I can ask my family to help me.

Some things I can do are...

Work on some activities

Play with toys

Read a book

Talk to my friends on the phone

Watch TV or a movie

Do some relaxation

School will open again as soon as it is safe

When I go back I will get to see my teacher and friends again.
